ABOUT THE PRODUCT

SugCare™

AYUSH 82

Developed by the scientists at CCRAS¹ and approved by the Ministry of AYUSH, SugCare is an anti-diabetic (non-insulin dependent Diabetes Mellitus) medicine extracted from the authoritative texts of Ayurveda. Clinically tested on diabetic patients, the drug has been rated by physicians as 'Good and Fair control' of blood sugar level in the patients as per the clinical trials. With zero side effects, it has successfully raised the therapeutic bar and has proved the product is an excellent synergist towards managing diabetes.

¹CCRAS: Central Council for Research in Ayurvedic Sciences, Govt. of India

INGREDIENTS

Each SugCare Tablet contains herb extracts of:

Amra Beeja <i>Mangifera indica</i> Linn.	625mg
